

The **10th** International Congress of Asian Society of Toxicology

2023 ASIATOX-X

Theme:

Sustainable Development Goals, SDGs in Toxicology

TAIPEI • July 17~20, 2023

Important Date*

Conference Website Opens (http://www.asiatox2023.com)	Late November 2022
Abstract Submission & Registration Opens	Late January 2023
Opening of ASIATOX-X Congress	July 17, 2023

Organizers:

Toxicology Society of Taiwan

Asian Society of Toxicology

2023 ASIATOX-X @ Taipei

Mountains, canyons, beaches, immensely rich cultural and amazing food – this delightful island has it all.

Taiwan is incredibly green. No matter where you are, there is always a lush tropical forest around the corner.

You may enjoy a bird's-eye view of the capital from Taipei 101, Taiwan's tallest building, visit National Palace Museum to appreciate historical objects, or take a walk on old streets in Jiufen, Tamsui, Yingge, and Sanxia to immerse in old-time charm.

The blue sky and oceans, as well as soft gold sand beaches, plus all kinds of fun water facilities, await visitors to enjoy.

welcome

News Reports

The 10th International Congress of Asian Society of Toxicology (2023 ASIATOX-X)

First Announcement- Call for session proposals

During the ASIATOX-IX (2021) in China, the Asian Society of Toxicology (ASIATOX) Council has decided that the Toxicology Society of Taiwan (TSTA) will be the host Society for the 10th International Congress of Asian Society of Toxicology (ASIATOX-X). According to the Council resolution, TSTA proposes that ASIATOX-X will be held in Taipei, Taiwan from July 17 to 20, 2023. The theme of Congress is “Sustainable Development Goals, SDGs in Toxicology”. We hope to uncover more about toxicology, ecotoxicology, environmental health, risk assessment and product stewardship to achieve the UN Sustainable Development Goals and create a better and more sustainable future for all.

As an important academic event and professional conference in toxicology and related fields, ASIATOX-X will provide an excellent platform for promoting the prosperity of toxicology and the development of toxicology science and technology in Asia, and foster the scientific cooperation in Asia, Pacific region and the world. The academic activities of ASIATOX-X will cover the latest research progress, cutting-edge theory and technology, prospects for science development and the practical application in all aspects of toxicology.

The ASIATOX-X conference will be conducted through a series of keynote lectures, symposia, forums, workshop, poster and exhibitions. In the context of sustainable development goals in toxicology, we propose the following main topics of the Congress, including green toxicology (green chemistry), ecological sustainability, alternative toxicity testing, organ chips & organoid toxicology, artificial intelligence & computational toxicology, nanotoxicology & microplastics, environmental toxicology, clinical toxicology, regulatory toxicology, inhalation toxicity & safety, molecular toxicology and carcinogenesis, reproductive & developmental toxicology, toxicogenomics, metal & metalloid toxicity, target organ toxicology& mechanism, chemoprevention of phytochemicals, drug discovery & regulation, safety & efficacy evaluation of botanical consumer product, etc. We cordially invite you to submit your conference proposal on the above topics of interest to you. In addition, if you have suggestions for other toxicology related topics, you are also very welcome to submit conference proposals.

Procedure for submitting session proposals:

1. Define which specific area of toxicology the proposed topic covers.
2. Discuss why the topic is timely and important, and how the topic has been addressed in other conferences or recent publications.
3. A list of researchers you intend to solicit for papers.

Proposals must be submitted before September 30, 2022, by email to yjwang@mail.ncku.edu.tw (professor Ying-Jan Wang/Secretary General of ASIATOX/President of Toxicology Society of Taiwan). Each proposal will be evaluated by the organizing committee. We look forward to receiving your submissions.

Responsibilities of a session chair:

As a proposer of an accepted session, you will become the session chair. The chair's primary responsibility is to solicit high quality papers for the session, oversee the review, and write a tutorial introduction to your session. You are to solicit manuscripts, have them refereed, collaborate with the Congress president in determining which manuscripts are to be accepted and structure presentation time in your session. Please contact us at the address below if you have any questions about the obligations entailed in becoming a session organizer.

The ASIATOX-X will open its website by the end of November 2022. The detail Congress information will be announced at the Congress website (<http://www.asiattox2023.com>) soon. You are warmly welcome to attend the ASIATOX-X, and we look forward to seeing all of you in Taipei city of Taiwan in 2023.
